## Experience

### Full Stack Developer Jr

Feb 2024 – Present

Hybrido Studio

- Developed various CRM systems from scratch, participating in **analysis, design and development** using **agile methodologies (Scrum + Kanban)**. Maintained direct and continuous communication with clients.
- Implemented **Frontend** using **React, React Native (Expo), JavaScript, TypeScript, CSS, Tailwind, HTML, Zustand, Redux, i18n** (multi-language), **Axios**, Ant Design.
- Built **Backend** using **Node.js, NestJS** and **Express.js**, in both monolithic and **microservice architectures** deployed on **AWS Lambda**, with **PostgreSQL** and **MongoDB**.
- Integrated **AWS cloud services** such as **Pinpoint** and **Firehose** for email and SMS campaigns, including interaction metrics.
- Maintained existing projects: **resolved bugs and developed new features** based on client requirements.

## Technologies & Skills

**Languages:** JavaScript, TypeScript, Python, Java

**Frontend:** React, React Native, CSS, Tailwind, HTML, Zustand, Redux, Axios, i18n, Ant Design

**Backend:** Node.js, NestJS, Express.js

**Databases:** SQL (PostgreSQL, MSSQL), MongoDB, Redis, Neo4j

**Cloud/DevOps:** AWS Lambda, AWS Pinpoint, AWS Firehose, Git (GitHub, CodeCommit)

## Education & Certifications

### Associate Degree in Software Development

Mar 2022 - Dec 2024

UADE

### Neo Certified Professional

Oct 2024

Neo4j GraphAcademy

[See credential](#)

### MongoDB Certification - Node.js Developer Path

Feb 2024

MongoDB University

[See credential](#)

## Languages

- English: Advanced (B2-FCE)
- Spanish: Native
- Portuguese: Intermediate
